

CompactRotoSonic MIT08 (CRS MIT08)

Meet the difference

CRS MITO8:

- Special foundation drilling
- Anchor installation
- Micro piling
- Compensation grouting
- Jet grouting
- Chemical injections
- Sampling
- Well installation

The CompactRotoSonic CRS MITO8 is built to perform in the most challenging and diverse working conditions. Powerful 150 Hz Sonic drill head, low centre of gravity and a movable mast make this the perfect tool for all special foundations drilling jobs.
